#### NM MEDICAID ENROLLMENT

#### ENROLLMENT IMPACT OF MOE THROUGH CY2021

#### RISK FACTORS IN THE BUDGET

# RISK FACTORS IN THE BUDGET

Built into FY21 and FY22 budget:

- Preliminary expectations of outcomes from MOE eligibility redeterminations and transitional Medicaid Enrollments
- Workforce Participation, and incentives for job search activity associated with stimulus/relief policies
- High fidelity wrap around
- Annual cost of administering COVID-19 vaccinations
- Not built in:
  - Extending post-partum Medicaid from 60 days to 12 months begins 4/2022
  - Kevin S intensive behavioral health services for CYFD treatment foster care
  - The role of potential cost containment in mitigating FY22 projected shortfall
  - Affordability fund appropriation to address tax beginning in 1/2022

#### END OF PHE ACTIVITIES

LORELEI KELLOGG, MEDICAID DEPUTY DIRECTOR

### MEDICAID MAINTENANCE OF EFFORT DURING PHE

- There are two ways the state Medicaid agency is retaining eligibility for members in compliance with the Maintenance of Effort requirements mandated during the Public Health Emergency (PHE) which began in March of 2020:
  - Sustaining Medicaid eligibility and benefit level for those individuals who are known to be no longer eligible for Medicaid or who would be eligible for a lesser benefit category;
  - Extending renewal dates in three month increments for individuals who fail to complete the renewal process.
- Medicaid enrollment can only be terminated for the following four reasons:
  - Client requested closure
  - Client ceases to be a state resident
  - Client passed away
  - Client was approved due to agency error

#### END OF PHE ACTIVITIES

- In preparation for the end of the PHE, the state Medicaid agency is taking the following steps:
- Evaluation of a risk-based approach to End of PHE activities:
  - A hybrid model considers specific populations and timeframes for a staggered approach to returning to pre-pandemic caseload maintenance.
- Evaluation of timeframe for completion of End of PHE activities:
  - Current projections allow for a 90-day timeframe for completion of all roll-off activities.
- Development of a communication plan that allows for timely notification of Medicaid participants, ensuring we have the most current information available in order to ascertain post PHE program eligibility.
