

Michelle Lujan Grisham, Governor David R. Scrase, M.D., Secretary Nicole Comeaux, J.D., M.P.H., Director

Letter of Direction # 9-2

Date: September 13, 2021

To: Centennial Care 2.0 Managed Care Organizations

From: Nicole Comeaux, Director, Medical Assistance Division

Subject: Directed Payment to UNM Medical Group and UNM Hospital Professional Group

Repeal & Replace LOD #9-1

Title: UNM Medical Group and UNM Hospital Professional Group Directed Payment

This LOD will repeal and replace LOD#9-1 UNM Directed Payment.

The State of New Mexico Human Services Department (HSD) Medical Assistance Division (MAD) has received Centers for Medicare and Medicaid Services (CMS) approval for the annual renewal of the directed payment in accordance with Section 438.6(c) for calendar year 2021 (CY21). In this letter of direction (LOD), HSD will continue directed payments for the University of New Mexico Medical Group (UNMMG) and the UNM Hospital Professional Group (UNMH-PG), revised the Qualified Practitioners list, updated the payment distribution dates, added quality measures and managed care organization (MCO) expectations to the evaluation for CY21.

Background

For the 2019 and 2020 calendar years (CY19 and CY20), HSD MAD received approval from CMS for a directed payment in accordance with Section 438.6(c) for UNMMG. HSD has distributed the approved CY19 and CY20 funding to the Centennial Care 2.0 (CC 2.0) MCOs as described in LODs #9 and #9-1, respectively. The distribution of the payments by HSD were separate from the regular capitated payment and the MCOs have distributed the funds to UNMMG and UNMH-PG.

For CY21, CMS has approved a continuation of this program for both UNMMG and UNMH-PG.

Distribution of Directed Payments

Similar to the two prior calendar years, HSD MAD will make a payment to each MCO on a quarterly basis for CY21. The amount of the payment each quarter will be based on emerging utilization data.

Because CMS only recently approved this year's program, HSD MAD will combine payments for the first two quarters. Therefore, in August 2021 HSD MAD will evaluate utilization by MCO, looking at claims with dates of service between January 1, 2021 and June 31, 2021 and use that as a basis to distribute the estimated quarterly payment funds to the MCO. Each subsequent quarter will include a look-back period to account for claims lag. The payment schedule is provided in the table below. For each quarter HSD MAD will evaluate the data and update the directed payment distribution quarterly. This approach will:

- Provide HSD MAD the opportunity to evaluate emerging data and more closely align the directed payment amounts to the MCO over a twelve (12) month period.
- Provide HSD MAD with information for federal claiming, reporting Waiver expenditures and for inter-governmental transfer tracking purposes.

A final payment will occur during April 2022 to reflect three months of runout on the CY21 time period.

Payment Distribution Schedule	Incurred and Paid Data Analysis Period		
Directed Payment Date			
September 2021	1/1/21 - 6/30/21		
October 2021	1/1/21 – 9/30/21		
January 2022	1/1/21 – 12/31/21		
April 2022	1/1/21 - 12/31/21 (final reconciliation)		

Evaluation Plan Metrics

The measures and performance targets for the evaluation plan were determined in conjunction with the provider based on a review of current performance by the provider with the objective of setting reasonably achievable goals for performance improvement. After the end of the year, the provider will report to the state on its performance for the specified measures in alignment with the state's goals and objectives and existing measurement processes. The MCO will develop a process to inform UNMMG and UNMH-PG on a quarterly basis of any gaps in care, that align with the performance measures the MCO has identified for members attributed to UNMMG and UNM-PG providers. Note that the providers' performance against the performance targets do not impact eligibility for the uniform percent increase on utilization during the CY21 rating period. The below table features the metrics, baselines and improvement targets for the program for CY21:

Measure	Baseline (Prior 12- month average through August 2020)	Performance Target (CY2021)
Well Child Visits – First 15 Months (W15)	58%	63%
Antidepressant medication management (AMM) Continuous Phase	28%	33%
Childhood Immunization Status (CIS) Combo 3	49%	54%
Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents (WCC)	2%	7%
Comprehensive diabetes care HbA1c poor control >9	30%	29%

Other Directed Payment Details

This section provides information about operational and reporting requirements associated with the directed payment.

- The directed payments are classified as revenue attributed to medical expenses and therefore classified as "premium". The quarterly payments will include gross-up amounts to reflect applicable risk/margin and premium taxes.
 - HSD MAD will provide each MCO the amount of the directed payment and break out the gross-up amounts for each rate cohort.
- The directed payment will be included in the MCOs' Medical Loss Ratio and Underwriting Gain calculations outlined in the CC 2.0 Contract Amendment #2 (Section 7.2).
 - HSD MAD directs each CC 2.0 MCO to report the revenue received for the directed payment in the quarterly and annual Financial Reporting package as "other revenue". The amounts recorded in the financial reporting package must match the total payment made by HSD MAD to the MCO by rate cohort.
 - HSD MAD directs each CC 2.0 MCO to report the amount paid by the MCO to UNMMG and UNMH-PG for the directed payment in the quarterly and annual Financial Reporting package as "other services". The amounts recorded in the financial reporting package must match the total payment made by HSD MAD to the MCO by rate cohort.
 - Amounts paid by the MCO to UNMMG and UNMH-PG for the directed payment should also be reported in FIN-Report #5 for "Other Services" in the Shared Risk/Incentive Arrangements (All programs – Line 42). This will ensure that the FIN-Report Check Totals tab do not trigger submission errors.
- Reconciliations performed as part of the CC 2.0 MCO contract (Retroactive Period, Hepatitis C and Patient Liability) will not include the directed payment revenue or expense.

• The directed payment amount paid by the MCO to UNMMG and UNMH-PG should not be included in encounter data submissions.

Reporting of UNM Medical Group and UNM Hospital Professional Group Paid Claims
The CC 2.0 MCO is required to submit utilization and paid amounts, by procedure code, rate cohort
and month in which the service occurred for each month and as prescribed below. Data is due each
quarter. MCOs must submit the data no later than fifteen (15) business days after the last
business day of the prior quarter. MCOs must continue reporting data beyond the respective
calendar year unless otherwise directed by HSD.

Acceptable File Formats:

- Delimited text file (*.txt or *.csv)
- Microsoft Access (*.accdb)

Requirements:

- Table 1 illustrates the data required and information about how the field should be formatted and Table 5 provides an example of the data output.
- Data should be limited to UNMMG and UNMH-PG including contracted practitioners providing services at UNMMG and UNMH locations and UNMMG and UNMH practitioners providing services at partner sites.
- The National Provider Identification (NPI) numbers for Billing Provider NPI that identify UNMMG are provided in Table 2 and those Billing Provider NPIs for UNMH-PG are provided in Table 3.
 - The list of NPIs included in Tables 2 and 3 only includes billing providers at the group levels. Along with filtering for provider type, this should be sufficient for reporting purposes.
 - O Data should be limited to only those provider types that are shown in the table below and that are enrolled with New Mexico Medicaid for the reported data period.
- The report should be based on adjudicated paid claims with dates of service within the specified period.
- Denied or voided claims should be excluded.
- The claim type should represent professional claims. A list of qualified practitioners is provided below in Table 4.
 - Qualified practitioners are individual provider types listed below who are members of a practice plan under contract or employed by a State-owned academic medical center to provide professional services as determined by HSD.
- Rate cohort assignment <u>must</u> be based on the cohort assignment for the member as of the date of service of the claim.
- Each run of the report should include a refresh of the prior reported data periods and include:
 - o Changes that may occur in the member's cohort assignment.

- o Removal of data for a previously reported date of service if the individual was not Medicaid eligible on that date of service.
- The amount paid by the MCO to the UNMMG or UNMH-PG.

Table 1 – Data File Fields

Field Name	Field Information	Format
Billing Provider NPI	Billing Provider NPI	Number
Month of Service	The date of service must be formatted as	Text
	4-character year and 2-character month.	
	"YYYYMM"	
Procedure Code	CPT or HCPCS code	Text
Procedure Code Modifier	The MCO should only report Modifier "26" for	Text
	radiology services. All other services that are not	
	radiology CPT codes with a populated Modifier	
	should be left blank.	
Rate Cohort	This should be the rate cohort assigned by HSD	Text
	MAD to the member for the month the service	
	was incurred. If a member cohort is changed	
	retroactively by HSD MAD, the report should	
	reflect the cohort assigned as of the date of the	
	report.
